## **Current Progress at the Site**

---

This facility is one of EPA Region III's high priority RCRA corrective action sites. On March 22, 2000, EPA determined that both the Human Exposures and Groundwater Environmental Indicators have been met. EPA and WVDEP are currently evaluating the information to determine if all of the corrective action requirements have been met.

## **Site Responsibility**

---

RCRA Corrective Action activities at this facility are being conducted under the direction of EPA Region 3 and WVDEP.

## **Institutional Controls**

---

No institutional controls are currently in place.
